### **Playground Inspection Purpose**

Inspections are conducted by a Certified Playground Safety Inspector for the purpose of identifying safety hazards on playgrounds. Inspections can only ensure the on-site immediate safety of a park or playground.

### **Playground Inspection Scope**

A Soil Express, Ltd. inspection will include the following:

- Safety Hazards—The documentation used to define safety hazards is the most recent publication of the U.S. Consumer Product Safety Commission Handbook for Public Playground Safety and ASTM F1487: Standard Consumer Safety Performance Specification for Playground Equipment for Public Use.
- Qualifications—All inspections will be performed by a Certified Playground Safety Inspector certified by the National Playground Safety Institute.
- Inspected Environment—Play equipment, safety surfacing, fencing, signs, and general environment.
- Report—A complete, photo documented, written report. Reports may be provided via email upon request. The report will include:
  - A description of the overall condition of the playground site. This includes consideration of adjacent and nearby potential for dangerous conditions.
  - An inventory of all playground equipment. Each component will be assessed and reported on. You will be informed if each specific piece of equipment is acceptable or not.
  - Assessment of use zones surrounding all equipment.
  - Assessment of safety surfacing material.
  - Assessment of hazards including identification, classification based on potential injuries, and recommended repairs and/or solutions.
  - Inventory report which serves as documentation for future Inspections.

**PLEASE NOTE:** This will be a comprehensive inspection not a full-scale playground audit.

### **Confidentiality**

We will treat this inspection and any resulting findings as confidential and agree not to disclose this information without your prior authorization. You agree to allow Soil Express, Ltd. to use your company name and the nature of this engagement (without disclosure of findings) in its marketing materials as a company reference.
